EXPERIENCE

BlueSoft, Lisboa - *Software Engineer*

SEPT 2021 - PRESENT

Designed and built a customized CMS from the ground up using Node.js, Express.js, and MongoDB, encompassing both front-end and back-end development

Improve, Évora - *Salesforce Developer*

JUL 2020 - JUL 2021

Contributed to the development of e-commerce websites using Salesforce Commerce Cloud for prominent Portuguese and Swedish enterprises.

Decsis, Évora - *Front-end Developer (Freelancer)*

OCT 2019 - MAR 2020

Finished a Web Application for an Accounting company to supply metrics for their clients

Decsis, Évora - *Front-end Developer (Inter)*

MAY 2019 - AUG 2019

Acquired foundational skills in Data Visualization and Responsive Web Development while developing an Accounting Web Application in ReactJS and D3.js.

EDUCATION

Universidade de Évora - *Computer Science and Engineering*

SEP 2016 - JUL 2020

During my time at the University of Évora studying Computer Science and Engineering, I really got into computers and enjoyed tackling problems. It was awesome to learn about all things tech and dive into creative troubleshooting.
